

TABLES

1. TABLE NAME : BLOOD_DONOR , DESCRIPTION : BLOOD DONOR DETAILS

Column name	Data Type	Length	Description	Constraint
did	int	10	Id of donor	Primary key
Name	varchar	100	Name of the donor	Not Null
Age	varchar	20	Age of the donor	Not Null
Blood	varchar	20	Blood group	Not Null
Phone	varchar	40	Phone number of the donor	Primary key
Address	varchar	100	Address of the donor	Not Null
Device_id	varchar	100	Information about the device	Primary key

2. TABLE NAME : HOSPITAL_REGISTRATION , CONTAINS HOSPITAL REGISTRATION DETAILS

Column name	Data Type	Length	Description	Constraint
Hosp _ id	int	100	Hospital id	Primary key
Name	varchar	200	Name of the hospital	Not Null
Contact	varchar	15	Contact number	Primary key
Mail	varchar	25	Hospitals mail id	Not Null
Address	Varchar	100	Address of hospital	Not Null
City	varchar	50	City	Not Null
Device _ id	varchar	100	Information about the device	Foreign key

Table Name: driver_reg , Description: - Contains registration details of ambulance driver

Column name	Data Type	Length	Description	Constraint
Hosp _ id	int	100	Hospital id	Primary key
Name	varchar	200	Name of the hospital	Not Null
Contact	varchar	15	Contact number	Primary key
Mail	varchar	25	Hospitals mail id	Not Null
Address	Varchar	100	Address of hospital	Not Null
City	varchar	50	City	Not Null
Device _ id	varchar	100	Information about the device	Foreign key

Table Name: table_op , Description: - Contains registration details of op

Column name	Data Type	Length	Description	Constraint
User _ id	int	11	Id	Primary key
Name	varchar	100	Name of user	Not Null
Email	varchar	100	Email of user	Foreign key
Phone	int	10	Phone contact	Foreign key
department	varchar	100	Specifies the op for which department	Not Null
Address	varchar	100	Address of user	Not Null

Table Name : location , Description: Contains location details

Column name	Data Type	Length	Description	Constraint
ID	Int	11	id	Primary Key
Lat	Varchar	25	Latitude	Not Null
log	Varchar	10000	Longitude	Not Null
location	Varchar	40	Accident Location	Not Null
status	Varchar	50	Status	Not Null
driver	Varchar	50	Driver	Not Null
name	Varchar	50	Driver name	Not Null
